Methodologies

This disclosure details all transfers of value made to Healthcare Professionals and Healthcare Organisations in the UK and Ireland by Galderma UK Ltd and includes payments made by other Galderma entities elsewhere. All payments disclosed were made in 2020.

Change to Process due to Covid-19:

As set out in the APBI Disclosure Update of 28 May 2020, the ABPI and the PMCPA have agreed that it would not be appropriate to write to NHS workers, hospitals, and other NHS organisations at this time. This would add additional load when the NHS is rightly focused on responding to the COVID-19 pandemic. Therefore, all information has been provided in aggregate.

All disclosed data is in GBP. Where payments were converted from another currency, the calculations reflect the actual exchange rate on the date the payment was made. All amounts are inclusive of VAT where VAT has been paid.

The information declared includes transfers of value that were made and does not include any planned activities and transfers where HCPs did not for whatever reason complete.
